LAND USE CONSIDERATIONS
SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped & Residential	A-2 Suburban District
South	Undeveloped	A-2 Suburban District
East	Residential	A-2 Suburban District
West	Undeveloped	A-2 Suburban District

EXISTING LAND USE:

Existing development: Yes Multi occupancy development: No

COMPREHENSIVE PLAN:
Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from A-2 Suburban District to A-3 Suburban District. This site is located on the south side of Red Mill Drive, east of US Highway 190 East, being lot 15B, Belle Acres Subdivision. The 2025 future land use plan calls for the area to be developed with residential uses. Staff does not see any compelling reason to recommend approval considering that the site is surrounded by A-2 Suburban Zoning District.

Note that the objective of the zoning change request is to for the adjustment of the lot line between lot 15A & lot 15B, allowing for the existing garage & shed to be located on lot 15A instead of 15B.

STAFF RECOMMENDATION:
The staff recommends that the request for an A-3 Suburban District designation be denied.
