LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential	A-2 Suburban District and A-4 Suburban District and MHO Manufactured Housing Overlay
South	Residential and Undeveloped	A-2 Suburban District
East	Undeveloped	A-2 Suburban District
West	Residential	A-2 Suburban District

EXISTING LAND USE:

Existing development: Yes

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-2 Suburban District to A-2 Suburban District and MHO Manufactured Housing Overlay. This site is located on the east side of Transmitter Road, south of US Highway 190, being 59294 Transmitter Rd., Lacombe. The 2025 future land use plan calls for this site to be developed with residential uses that vary in site design and density, including manufactured homes. Staff does not have any objection to the request.

STAFF RECOMMENDATION:

Staff recommends that the request for the A-2 Suburban District and MHO Manufactured Housing Overlay designation be approved.
