LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential	A-4 Single-Family Residential District
South	I-10	N/A
East	Residential	A-4 Single-Family Residential District
West	Residential	A-4 Single-Family Residential District

EXISTING LAND USE:

Existing development: No

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-4 Single-Family Residential District to PF-1 Public Facilities District. This site is located at the end of Dixie Street, South of Browns Village Road. The 2025 future land use plan calls for the site to be developed with residential uses. Staff is not opposed to the request, considering that the objectives of the PF-1 zoning is to provide for the location of governmental and institutional uses to the public. However, a concern remains regarding the potential traffic that the uses listed under PF-1 could bring to the neighborhood, considering that the abutting streets to access the site are quite narrow.

Note that the zoning change is being requested to allow for the construction of a church on the site.

STAFF RECOMMENDATION:

The staff recommends that the request for a PF-1 Public Facilities District designation be approved.
