North		A-3 Suburban District
South		A-3 Suburban District
East		A-3 Suburban District
West		A-3 Suburban District

EXISTING LAND USE:

Existing development:

Multi occupancy development:

COMPREHENSIVE PLAN:

Conservation - Areas designated for uses of land, water, flora and fauna that appear naturally. Such uses may include such activities as extraction or production for commerce; human enjoyment, hunting, fishing, or other recreation within natural landscapes; or preservation of natural systems. The concept of "conservation" includes a private landowner's understanding of responsibility to wisely manage that resource so that it remains in good condition for future generations (often simple referred to as "good stewardship"); this concept may also include the conservation of energy through efficient transportation options as well as through climate responsive building design, as well as the conservation of historic, scenic, or otherwise serviceable buildings and landscapes. Means to achieve conservation are myriad and include both private and public sector initiatives – such means will be considered in subsequent phases of the New Directions 2025 planning process.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-3 Suburban District to A-3 Suburban District, MHO Manufactured Housing Overlay. This site is located on the east side of Eagle Street, south of Bobby Jones Drive, north of Ed Ray Drive, being lot 16, Square 46, Hillcrest Subdivision Addition #1. The 2025 future land use plan calls for the area to be developed with uses that would allow for the preservation of the natural environment. Staff does not have any objection to the request considering that the area is developed with a mix of manufactured homes and undeveloped land.

STAFF RECOMMENDATION:

The staff recommends that the request for a MHO Manufactured Housing Overlay designation be approved.
