LAND USE CONSIDERATIONS
SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential	A-4 Single Family Residential District
South	Commercial	HC-2 Highway Commercial District
East	Commercial	HC-2 Highway Commercial District
West	Undeveloped	NC-1 Professional Office District

EXISTING LAND USE:

Existing development: Yes Multi occupancy development: Yes

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from NC-1 Professional Office District, HC-2 Highway Commercial District to HC-2 Highway Commercial District. This site is located at the end of 6th Street, north of Iberville Street, being lots 1 to 7, & 24 to 28 & portion of revoked 6th Street, Square 7, Chinchuba Subdivision. The 2025 future land use plan calls for the site to be developed with residential uses. Staff does not have any objections to the request considering that portion of the site is currently developed with a parking lot and a parish road which was recently revoked. The purpose of the request is to bring the use into compliance with the appropriate zoning and to rezone the revoked street to allow for commercial development.

STAFF RECOMMENDATION:

The staff recommends that the request for a HC-2 Highway Commercial District designation be approved.
