LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential & Undeveloped	A-1 Suburban District
South	Undeveloped	PUD Planned Unit Development District
East	Undeveloped	PUD Planned Unit Development District
West	Undeveloped	A-1 Suburban District & A-1A Suburban District

EXISTING LAND USE:

Existing development: No Multi occupancy development: Yes

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, e.g.) uses, as well as the supporting infrastructure and public services they will require (See "Small Area Plans," below). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Single Family Residential – Conservation - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-1 Suburban District to A-2 Suburban District & A-3 Suburban District. This site is located on the east side of LA Highway 1077, north of Tantella Ranch Road. The 2025 future land use plan calls for the area to be developed as a planned district with single family residential uses and conservation areas. The A-2 Suburban District is being requested to allow for the creation of a 2.254 acre parcel of land for the existing single family residence, to be sold separately. The remaining 21.879 acre portion of the site is requested to be rezoned to A-3, to be added to the adjacent residential PUD development (see requested major amendment to the PUD ZC04-07-055).

STAFF RECOMMENDATION:

The staff recommends that the request for an A-2 Suburban District & A-3 Suburban District designation be approved.
