**COMPREHENSIVE PLAN:**

**Residential** - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

**STAFF COMMENTS:**

The petitioner is requesting to change the zoning from A-4A Single-Family Residential District to A-4A Single-Family Residential District & MHO Manufactured Housing Overlay. This site is located on the south side of James Crosby Road, east of Bolden Road, being 38548 James Crosby Road, Pearl River. The 2025 future land use plan calls for the area to be developed with single family residences including manufactured homes.

**STAFF RECOMMENDATION:**

The staff recommends that the request for a MHO Manufactured Housing Overlay designation be approved.
