LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Industrial	I-4 Industrial District
South	Undeveloped	A-4 Single-Family Residential District
East	Undeveloped	A-4 Single-Family Residential District
West	Undeveloped	A-4 Single-Family Residential District

EXISTING LAND USE:

Existing development: Yes

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-4 Single-Family Residential District to NC-4 Neighborhood Institutional District. This site is located on the northwest corner of US Highway 11 & 5th Avenue, south of Pearl River Street, being the remainder of Square 4, Alton Subdivision. The 2025 future land use plan calls for the area to be developed with residential uses. Staff does not have any objection to the request, considering that the site is located along a highly traveled highway, and directly abutting an industrial site.

STAFF RECOMMENDATION

The staff recommends that the request for a NC-4 Neighborhood Institutional District designation be approved.
