LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped	PUD Planned Unit Development Overlay
South	Sewer Treatment Facility	A-1 Suburban District
East	Undeveloped	PUD Planned Unit Development Overlay
West	Undeveloped	PUD Planned Unit Development Overlay

EXISTING LAND USE:

Existing development: No

Multi occupancy development: No

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, e.g.) uses, as well as the supporting infrastructure and public services they will require (*See "Small Area Plans," below*). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Single Family Residential – Conservation - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from PUD Planned Unit Development Overlay to A-1 Suburban District. This site is located on the west side of Guste Island Road, south of LA Highway 22. The 2025 future land use plan calls for area to be developed as a planned district with residential uses and conservation areas. The zoning change is being requested to allow for the expansion of the Guste Island Utility site to be expanded.

Note that a zoning change request has been submitted to add 20.3 acres of greenspace to the residential PUD (2018-1183-ZC), in order to compensate for the acreage lost with the addition to the utility site.

STAFF RECOMMENDATION:

The staff recommends that the request for an A-1 Suburban District designation be approved.
