LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

| <u>Direction</u> | <u>Surrounding Use</u> | <u>Surrounding Zone</u> |
|------------------|---------------------------|--|
| North | Residential | A-4 Single-Family Residential District |
| South | Residential | A-4 Single-Family Residential District |
| East | Undeveloped | HC-2 Highway Commercial District |
| West | Undeveloped & Residential | A-4 Single-Family Residential District |

EXISTING LAND USE:

Existing development: No

Multi occupancy development: Yes

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-4 Single-Family Residential District to A-5 Two Family Residential District. This site is located on the west side of Brookter Street, south of Sycamore Street, being lots, 39, 40, 41 & 42, Square 9, Beverly Hills Subdivision. The 2025 future land use plan calls for the area to be developed with residential uses compatible with the surrounding area. Staff does not see any compelling reason to recommend approval considering that the site is mostly surrounded by single family residences & manufactured homes.

STAFF RECOMMENDATION:

The staff recommends that the request for an A-5 Two Family Residential District designation be denied.
