LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped	A-1 Suburban District
South	Residential	A-4 Single Family Residential District
East	Residential	PUD Planned Unit Development Overlay & A-3 Suburban District
West	Undeveloped	A-3 Suburban District & PF-2 Public Facilities District

EXISTING LAND USE:

Existing development? No

Multi occupancy development? No

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, *e.g.*) uses, as well as the supporting infrastructure and public services they will require (*See "Small Area Plans," below*). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Single Family Residential – Conservation - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-3 (Suburban District) to PF-1 (Public Facilities District). The site is located on the north side of LA Highway 1085, west of Tallow Creek Blvd. The 2025 future land use plan calls for the site to be developed with residential uses and conservation areas. However, it could also be developed with supporting infrastructures and public services, as stated under the designation of "Planned District".

Considering the purpose of the PF-1 zoning district, to provided for the location of institutional uses to the public, staff does not have any objections to the request.

Note that a conditional use permit (CP09-09-074) has been approved for the construction of a church on the site. The conditional use permit was extended for a year at the July 3, 2012 Zoning Meeting.

STAFF RECOMMENDATION:

The staff recommends that the request for a PF-1 (Public Facilities District) designation be approved.
