Re: Enter the Parish R.O.W.  
Roger Drive (West of Troy Drive)  
Hickory Hills Subdivision

Honorable Commissioners:

Mr. Denty Crawford has petitioned the Planning Commission to enter the Parish Right of Way to gain access to his property. He is requesting that a waiver be granted for the construction of the roadway to asphalt standards; see attached letter dated July 24, 2017 from Mr. Crawford. Councilman Bellisario does not support this request for a waiver of the asphalt roadway standard; see attached email dated September 2, 2017.

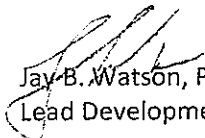

The resolution has been prepared in accordance with Parish Ordinance which requires asphalt roadway.

However, should the Planning Commission approve the waiver the resolution will be revised as follows:

- Performance Obligation: \$4,100
- Warranty Obligation: \$4,100
- The petitioner must agree to meet Parish requirements for the construction of the roadway to hard surface standards prior to the Parish approving any improvements to this property. This includes the issuance of a Land Clearing Permit.

Therefore, should the Planning Commission grant the request, a resolution adopted by not less than a two-thirds majority (2/3) affirmative vote of the Planning Commission membership will be required.

Sincerely,

  
Jay B. Watson, P.E.  
Lead Development Engineer

Jay:

I have spoken to a resident, Mark Hatfield who lives at the corner of Troy Drive and Roger Drive. He is opposed to the ROW issue since his property abuts the ROW property and is concerned that Denty will use the variance to allow him to clear cut the property or adversely impact his property.

Also, I don't support giving a variance to allow a gravel road vs. an approved Parish road leading into this large piece of property. This ROW abuts a Parish paved road and we shouldn't set a precedence in this area. This is an 80+ acre tract and the variance sets the stage to timber the property or to start any type of project without our knowledge.

Before and ROW approval is granted the property owner needs to show us a future use plan for this 80+ acre tract of land. I don't believe this is the usual ROW request the Planning Commission receives on a monthly basis.

Please advise the Planning Commission that I am opposed to this request until the staff receives a formal plan for the future use of this 80+ acre tract of land.

Thanks for your consideration,
