LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential	A-3 Suburban District
South	Residential	A-3 Suburban District
East	Church	A-3 Suburban District
West	Residential	A-3 Suburban District

EXISTING LAND USE:

Existing development: Yes

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-3 Suburban District to PF-1 Public Facilities District. This site is located on the west side of Allen Road, north of Miller Road, being 57209 Allen Road, Slidell. The 2025 future land use plan calls for the area to be developed with residential uses. Staff does not have any objection, considering that the objective of the request is to bring the existing use in compliance with the appropriate zoning district.

Note that the site is currently developed with a church, which was originally approved under conditional use permit.

STAFF RECOMMENDATION:

The staff recommends that the request for a PF-1 Public Facilities District designation be approved.
