

This is only the scope of work for the project. For more information, please contact Procurement at purchasing@stpgov.org.

The Contractor shall provide all labor, materials and equipment necessary to improve the drainage and the turning radius by installing a cross culvert, catch basins, culverts, asphalt and striping. All work shall include crushed concrete stone bedding and embankment, both 8" patch and 2" asphalt roadway paving and the installation of sod in the disturbed areas. The Contractor shall also include necessary compaction testing.
