

"This is only the scope of work for the project. For more information, interested parties should contact Procurement at purchasing@stpgov.org to ensure receipt of a full project package, to be listed as a plan holder and to ensure any addenda to the project package are received."

Scope of Work/Services

Provider shall provide engineering services for the Ozone Woods Drainage Improvements project in Slidell, Louisiana (S38-T9S-R13E) which include, but are not limited to preparing construction document utilizing the 10-Yr modified alternative from the Ozone Woods Drainage Improvements study which includes topographic survey information for Ozone Woods Subdivision.

The primary focus area of this project is drainage throughout the Ozone Woods Subdivision near Slidell, LA. Additionally, construction alternatives for improving the drainage lateral (9-EW1-34) along the western edge of the subdivision from the northern end of the lateral to its confluence with Bayou Paquet need to be considered.

The Parish will address the project in multi-phases, at this time the Parish is contracting for Phase I: Surveying and Preliminary Plans. At the conclusion of Phase I, the Parish may amend the Contract to elect optional Phase II: Permitting, Final Plans, and Specifications as required
