The Parish, as a function of Tammany Utilities, owns and operates approximately 50 wastewater treatment plants, 40 water wells, over 200 sewage lift stations and miles of water distribution and sewage collection lines. Tammany Utilities, therefore, routinely has the need for sewer and water pipe, valves, fittings, and other associated appurtenances.

The Parish shall review the request and determine if the alternative product qualifies as an “approved equal” within three (3) business days prior to the bid opening.
