

**THIS IS JUST A SCOPE OF WORK. PLEASE EMAIL [PURCHASING@STPGOV.ORG](mailto:PURCHASING@STPGOV.ORG) FOR A COMPLETE PACKAGE.**

## **Summary of Work**

**I. Work to Include:**

Excavation of a 10-ft deep wet pond within an existing dry pond and installation of an aeration system, including electrical service from the main line along the St Tammany Trace to and for the wet pond aeration system. A temporary construction entrance is required through an established construction servitude from Hwy 59 westward to the site, along with other erosion control measured as necessary to prevent migration of sediment into waterways and onto roadways

**II. Location of Work:**

Bayou Chinchuba pond in Section 36, Township 7 South, Range 11 East.

**III. Documents: Bid Documents dated March 2, 2017, and entitled:**

Bayou Chinchuba Phase 2

Project No. 2014EN0080

Bid# 416-10-17-18-2

**IV. OTHER REQUIREMENTS (as applicable)**

**When not otherwise specified herein, all work and materials shall conform to the requirements of the Louisiana Department of Transportation and Development hereafter called LDOTD (2006 Edition of Louisiana Standard Specifications for Roads and Bridges).**
