

ST. TAMMANY PARISH

MICHAEL B. COOPER
PARISH PRESIDENT

January 15, 2021

Please find the following addendum to the below mentioned QUOTE.

Addendum No.: 1

Quote#: 21-1-1

Project Name: Bayberry Dr Drainage

Quote Due Date: January 21, 2021

GENERAL INFORMATION:

1. Marked Photo of Work Area for 120 Bayberry Dr. (Attached)

QUESTIONS & ANSWERS:

Question 1: From reading the description it appears the storm drain line may go under the house?

Answer 1: No, the culvert to be lined does not go under any structures.

Question 2: What kind of pipe is it?

Answer 2: As stated in the specs, the contractor will line a 15" RCP (reinforced concrete pipe).

Question 3: We would like to request a marked drawing or map regarding the 15" storm drain line to be repaired at 120 Bayberry drive.

Answer 3: As stated in the specs, the project will start at the Manhole located at 120 Bayberry. From there it will continue for 213 linear feet ending at the end of the run of the culvert where it enters a catch basin. The manhole at 120 Bayberry is to be replaced with a CB-07 catch basin. (Marked Photo Attached)
