Please find the following addendum to the below mentioned QUOTE.

**Addendum No.:** 1

**Quote#:** 310-00-17-99-1

**Project Name:** Lamarque St Drainage

**Quote Due Date:** Thursday, March 8, 2018

### GENERAL INFORMATION:

---

1. Please remove "Attachment A" and replace with "Revised Attachment A."(Attached)
2. Please remove "Plan Sheet 3a" and replace with "Revise Plan Sheet 3a." (Attached)

### QUESTIONS & ANSWERS:

---

**Question 1:** There is an Item described as "Drainage Excavation" on the proposal form with quantity of 450 LF. This work could include "Drainage ditches parallel or adjacent to existing roadway..." as described in note #2 beneath the heading of "Drainage" on plan sheet #2. Could you clarify if "Drainage Excavation" is for the reshaping of the ditch on the west side of Lamarque St." If so is there a profile to be met. Specifically, I am trying to determine how much excavation will be required. That is to say, how many cubic yards will need to be removed from the ditch or under this item of work.

**Answer 1:** The item "Drainage Excavation" is for proper grading of the ditch on the East side of Lamarque St. as well as for the two cross culverts within the project. The correct quantity should be 506 LF not 450 LF. (Attached)
