Question #1: I am reaching out in regards to St. Tammany's RFQ #21-3-4 (Parish Comprehensive Drainage Plan) to inquire about the Customer Service role of the proposed project. For clarification, is this provision to provide information for the public to contact the project team? Also, the RFQ mentions a toll free number. Is this the only form of communication a team can provide, or are there other options such as a website?

Please let me know your thoughts so that we can prepare accordingly.
