

## ST. TAMMANY PARISH

PATRICIA P. BRISTER  
PARISH PRESIDENT

**October 29, 2019**

Please find the following addendum to the below mentioned RFP.

**Addendum No.:** 2

**RFP#:** 19-05-3

**Project Name:** Pump and Motor Repair

**RFP Due Date:** Friday, November 1, 2019

### **GENERAL INFORMATION:**

---

1. Remove “Attachment A Price Sheet” and replace with “Attachment A Price Sheet Revised.” (Attached)

### **QUESTIONS & ANSWERS:**

---

Question 1: Attachment A, page 1 asks for a motor rebuild price for OPEN DRIP PROOF MOTOR TEFC, TYPE T AND VERTICAL. These are 3 different motors and all priced differently. There is no way to estimate a price. Do you want a price on each one? If so, since there is only one column, do we put see attached in the column and attach a sheet listing a price for each type, per size?

Answer 1: Yes. These are three different pumps so they will have different pricing based on the type. See the attached Revised Attachment A Price Sheet.

Question 2: Group F and H ... Rotator only... In order to quote this we would need Model/Brand of every pump to quote this? Every MFG has different pricing for the rotors... Not sure if you want to keep this in spec. On Group J. Baffles... the HP should be 5hp / 10hp / 15hp... As this is what we have done in the past

Answer 2: Deleted Rotators (Groups F & H) from the bid. For Group J “Replacement of Baffles for Phase Converters” has been changed to Group P: “Replacement of Baffles for Phase

Converters” Change size for P-1 to “5 HP”, size for P-2 to “10 HP” and size P-3 is “15HP.”
